There was a regular wool pulling between a "colored lady" and a "white woman," serving in one of our hotels, Saturday night, the bone of contention being a masculine who loves too well, but not wisely.

There is a large and strictly select ball on the tapis—has, in fact, been determined upon and partly arranged for. The tickets, now on press, will be a fine specimen of typography.

We regret to hear that Mr. J. C. Miller one of our oldest and most respectable citizens, is lying very ill, with very little hope of recovery.

The St. Nicholas Billiard Hall is one of the largest and best furnished in the country. It is the resort of both citizens and strangers who indulge billiard playing. jan6tf

Notice to the Tax-payers of Alexander Co. Illinois.

I will be in my office at the court house every day during this month for the purpose of receiving State and County taxes now due. Cairo Ill. Feb. 1st 1870 feb14d. J. H. MYERS Collector.

Furnishing Goods.

The complete stock of gentlemen's furnishing goods in the city, is to be found at Miller and Miller's. It would be a remarkable want, indeed, in this line that they cannot satisfactorily supply at the very lowest figures ruling in the market.

Silk Hats.

The stock of silk hats at Miller & Miller's comprises the very latest styles and the finest make of the season. The variety is very great, the stock large, and prices have been regulated to harmonize with the times. Call in and examine.

Job Printing.

The 'Bulletin' office having been supplied with increased facilities, is now prepared to do job work cheaper than ever. We are determined, in truth, that no citizen shall have cause, either on account of price or style, for sending his work abroad. Our office is the complete in the state, outside of Chicago and Springfield, and can perform all kinds of work for which the river, railroad, mercantile, legal and general business of the city create a demand. In point of workmanship we shall stand unsurpassed. Send in your orders. Proofs submitted when requested.

"A Word to the Wise is Sufficient."

A prudent housekeeper purchases the best and cheapest article for the kitchen that can be obtained. "Dooley's Baking Powder" is the purest, best, and cheapest Baking Powder known. One pound will go further in the culinary department than any other in market, and is guaranteed to produce more satisfactory results, as the ingredients are harmless, healthy and nutritious. It is for sale by all good Groceries. m w s

The St. Nicholas Hotel and Restaurant.

This popular and eligibly located house of public entertainment is now fitted and furnished throughout in good style; and under the management of Messrs. Walker & Simon, is doing a large and thriving business. It is kept upon the European plan—the guest calling for what he wants when he wants it, whether in the day or night time, and paying only for what he orders. The rooms are large and clean, furnished with the best of beds and bedding, while all other features of the establishment are arranged with an especial eye to the comfort and convenience of the guests. jan6tf

CLOSING OUT THE ENTIRE STOCK OF ready made clothing, furnishing goods, boots, shoes, hats, caps, trunks and valises at P. Neff's, no. 79, Ohio Levee, at actual cost, for cash only.

The St. Nicholas hotel presents a scene of life and thrift that will at once dispel the notion that there is nothing doing in Cairo in the hotel line. Its rooms and tables are always full, and the guests pronounce themselves more than satisfied, even gratified, with their entertainment.

The Metropolis 'Times' says that in the little burg of Metropolis there are 3000 marriageable young ladies. The only explanation we can find for this fact is that the young men are such a set of "quims" that the girls won't have 'em. Our marriageable fruit is plucked as fast as it ripens.

The day to which many of our young people have been looking forward, is here, and nearly gone—St. Valentine's day. How many tender little love messages, done up in gilt and glitter, have passed the post office delivery, we can't guess; but in all parts of the city young hearts have been made glad—old bachelors angry, and spinsters "hopping." Only a "brute," however, would abuse the license the day extends by sending insults.

Messrs. Miller and Miller have just received an unusually large, well assorted and strictly fashionable supply of piece goods, to which they ask special attention. The lot embraces the finest cloths and casimers ever brought to Cairo, and such a variety of styles that all tastes may be accommodated. Suits or garments from these goods are made to order in the best manner and latest style, and at figures that will defy competition. For proof of this they only ask to be put upon trial. At all events call around and see the new goods. jan25tf

The coming charter election promises to be the quietest ever held in Cairo. There is not sufficient warmth in the competition to bring about street corner discussions or to create a perceptible increase in the retail liquor trade.

For the office of city clerk we have three contestants, viz: Brown, Crowley and Morris; for the office of city marshal three, viz: McCarthy, Arnold and Bambrick; and for the office of city treasurer two, viz: Hyland and Taylor. For the office of city attorney Albright has not, as yet, any opposition. It pleases all of these gentlemen to "keep cool," to "lie low and keep shady," and the result is, a sovereign may pass from one extreme of the city to the other without getting so much as the "wetting of his whistle" at a candidate's expense—in fact, without hearing the election mentioned.

No convention or primary election has been ordered, and it is by no means certain that one will be ordered. It looks indeed, as if the matter will resolve itself into a scrub race, the sovereigns remaining indifferent as to the result.

"Good Measure and Running Over."

Dooley's Baking Powder has already taken the precedent over others, from its well known strength and purity; but aside from these facts, it is put up in cans holding the full weight as represented which is rarely the case with those of ordinary manufacture. Hence, Dooley's Baking Powder is the best, purest, strongest and cheapest ever offered to the consumer, and every one who has used it will readily testify to this assertion. feb14-3tmw&s

A Mountain of Freight.

Although there were one hundred and twelve loaded freight cars on the track of the Illinois Central railroad yesterday the General Superintendent of the road notified the agent here to prepare for the receipt of three hundred and thirty additional cars, during to-day and to-morrow. These receipts will form the largest quantity of freight ever collected at Cairo from that source, within the same limit of time. Four hundred and forty-three car loads!—equal to a pile of freight eight feet wide, seven feet high and three miles long! The one hundred and twelve cars on hand yesterday were consigned to Cairo merchants.

There could be no stronger demand than is furnished in this item of business for a line of Cairo and New Orleans packets. It establishes Cairo as the great entrepot of the Mississippi valley, but finds St. Louis, Louisville and Cincinnati enjoying a large share of the substantial benefits that should be wholly and solely our own.

Third Anniversary Ball by the Cairo Casino.

The members of the Cairo Casino propose an observance of their third anniversary day by a masquerade ball in Washington Hall, on Monday, February 28th, which they expect to render an affair pleasant to all who may choose to participate. The management refer with pride to the masquerade balls heretofore given by the Casino, and promise that the ball here announced shall be of the most respectable and interesting character.

Colored Deck-Hand Shot in the Arm.

Three colored individuals visited the police headquarters Saturday night, to lodge complaint against the watchman of the steamer St. Luke. While coming down the Mississippi the watchman and one of the aforesaid, who goes by the name of Bill, became involved in a quarrel. High words soon led to hard blows from which the watchman was the greater sufferer. Indeed, in a physical point of view, (according to Bill's version) Bill was the better man. At all events, the watchman being dissatisfied with the progress of affairs, drew his "pepper box" and blazed away at Bill one of the balls passing through the muscle of his arm, and ploughing up the flesh on the left side of his body. The wound is not a dangerous one, yet of a nature to deprive the negro of his usual means for earning a livelihood. The police were unable to find the watchman so William's injuries promise to go un-avenged.

Ask the Ladies Maids and they will tell you that Phalon's Vitalia or Salvation for the hair is the favorite article for removing the natural tinge of blanched or fading ringlets. The Mayoralty.

The two petitions, aggregating a length of six or eight feet, praying that John H. Oberly Esq. will again permit his name to be used in connection with the mayoralty, are receiving the most respectful consideration, and will be answered in a day or two. The fact that these petitions contain the names of a large number of persons who were active opponents of Mr. Oberly, at and before the last charter election, is most gratifying to him, being an assurance that he has, at least in a measure, served his fellow citizens acceptably. While we are quite certain that Mr. O. does not seek the office for a second term, we shall not say that he will not hold himself subject to the disposition of his friends.
